

# Proof of Life Template

This Proof of Life contains confidential information that can be used to confirm whether you are still alive in case of kidnapping, abduction or detention. It may also be used to detail how you would like family members to be informed and/or if you have any special requirements should something happen to you.

The person entrusted with this document (usually your key contact) will be responsible for communicating with a lot of different people in the eventuality that you're being held against your will. Giving them this information before you go on assignment will help them respond quickly and confidently in the case of an emergency and will also help those who are trying to get you to safety.

Please save a copy of this form locally for your own reference.
